## **SOLUTION CAFÉ at Café international**

with Christiane Kosub, a Professional Certified Coach from the International Coaching Federation [www.kosub-coaching.ch](http://www.kosub-coaching.ch).

Solution café, developed by Petra Müller-Demary and Ian Peateym is an informal, yet structured way to have meaningful conversations in a café style framework. You are invited to bring along an issue from your professional or personal life for which you are seeking a solution. During the café you will familiarize yourself with and experience key elements you can use to support someone in a Solution Talk and apply to your own issues by:

- 🗣️ asking insightful questions
- 👁️ focusing on what already works
- 👏 looking for strengths and qualities in yourself and others.

Solution Talk is a method to gain useful insights and perspectives on themes you currently wish to address. It also provides ideas how to make conversations more focused and constructive. No previous experience is needed. You will be provided with tools for the conversation.
